

TechCon[®] 2005 Asia-Pacific

Table of Contents

In Order of Presentation at the Conference

Experience with On-line Drying of Two Utility Transformers
Dr Valery Davydov and Oleg Roizman

Novel Tool for Acoustic Monitoring and Diagnostics of PD Failures in Electrical Power Transformers
Rekha Shertukde and Hemchandra Shertukde

Predictive Maintenance at Chugach Electric Association, Anchorage, Alaska
Scott Girard

Alternative Liquids for On-Load Tap-Changers
Rainer Frotscher

On-Line Monitoring Technology Applied to HV Bushings
Trevor Lord and Graham Hodge

Recent Experience in On-line Partial Discharge Testing on Electrical Machines
Mike Davis

Managing Water Levels and Dielectric in Transformers Using On-Line Drying Systems
Martin Cropp

On-line Monitoring Systems for Bushings
Claude Kane and Alexander Golubev

Transformer Reliability – Typical Failure Causes
Dr. Victor Sokolov

Condition Monitoring and Assessment of Silicone Fluid-filled MV Transformers in CLP Power Distribution Systems
Y.T. Chan, K.Y. Fung and M.K. Wong

Insulation Oil : Data Storage Medium
Russ Crutcher, Ken Warner, Dave Hanson, John Leonardo, Jon Riechman and Leo Savio

Large Power Transformer Tap Changer Runaway Prevention
Dr. Des Lehmann and Andrew Martin

DGA in a Box – A Utility's Perspective
Danny Bates

Condition Based Maintenance – The Training Wheels Come Off
John Wysocki
